AFFORDABLE STARTER OR RETIREMENT HOME

This affordable, three bedroom design which offers 1,254 square feet of living space is an ideal start or retirement home. A long covered verandah provides weather protection and a cosy spot for outdoor relaxation. Vaulted ceilings abounding throughout the foyer, living and dining rooms give this area the impression of being much larger. The living room features a bay window and masonry fireplace. An efficient galley kitchen, with ample counter space,

serves the dining room. An adjoining laundry and mudroom eases household chores and connects the back door to the kitchen. The bedrooms share a main bathroom with soaking tub.

A full basement provides for future expansion. The plans include a basement or crawlspace foundation.

Send for Canada's largest plan book with over 500 home plans, including a wide variety of architectural styles, from luxurious

brick manors to affordable bungalows, only \$8.95 (including shipping and GST).
