

GARDEN

the buttercup family, these flowers bloom in shades of white to violet.

* Petunias: Petunias put on a show of color through the entire season, making them a popular bedding flower.

Perennials

These plants will come back year after year and offer spring shows.

* Cherry blossom: The flowers that sprout on cherry trees are some of the first signs of spring. Their pink or white buds are often a spectacle, so much so that towns and cities hold cherry blossom festivals.

* Columbine: These beautiful blooms attract butterflies and can be a nice part of a garden bed.

* Jacob's ladder: Variegated foliage that is dappled with

violet-colored flowers can add a sweet smell and visual interest to the garden.

* Primrose: These flowers come in a variety of shades, making them versatile in any garden. They also tend to attract butterflies and hummingbirds.

* Sweet violet: These fragrant flowers are edible as well as attractive. These plants can self-plant, so unless a gardener wants them to spread, they should be kept contained.
