

# Robot rookies

Stewarttown Middle School sent two teams to compete in the First Lego League competition for Halton and Peel. The competition was at Mentor College where the students showcased their talents in three areas—computer programming and building, teamwork, and innovative presentations. The teams were required to build and program a Lego robot and complete a series of missions in 2 1/2 minutes. They had to complete a teamwork challenge and explain their program and building rationale. They also conducted two research projects about transportation issues (the local GO train and drug trafficking) and presented their findings. The two groups (The Stingers and the Snakes) faced off against 24 teams from Halton and Peel and placed 15th and 16th in the programming and building category. They also took home The Rookie of the Year award and The Perseverance award. Gathering for a team photo are front row (from left) Mrs. Jolly, Hayleigh Bell, Justine Tupe, Emily Albrecht, Liam Butterfield. Middle row (from left) Mr. Britton, Jacob Brisley, Braeden Courtemanche, Breanna Rozon, William Murray, Dylan Thring, Mrs. Jackson and back row (from left) Cole Mayberry, Tyler Pogson, Justin Lockhart, Brianna Courtemanche, Naomi Brearley, Kara Tobey, Alexa Garrod, Selena Hoyer (absent Logan Stamp and Brenden Grose)
