### What We Do For You

Our professionally trained teams start by doing a full spring cleaning of your entire home or your designated areas.

We get your home as perfectly clean as possible and then we maintain this "spring cleaning look" on your regularly scheduled cleaning day.

We take great pride in our work and we do what it takes to get the job done. We believe you will find the results we produce and the attention we put towards detail and perfection will far exceed your expectations.

We want your home to *sparkle*. Only after this is accomplished, is our job complete.
