## Edge Elite lacrosse tops in U.S. field

Four Halton Hills Bulldogs played key roles on an Ontario all-star team that won the Dick's Sporting Goods Tournament of Champions' field lacrosse tournament last weekend in Florida.

Seeded fifth in the 16-team High School Elite division, the Edge Elite squad went undefeated through seven games in the Tampa-based National Development Program tournament, finishing off with an 11-10 overtime victory over The Warriors of North Carolina.

Grade 12 Georgetown District High School students Paul Davison and Jake Harding, both 17, lined up at the mid-field and attack positions.

Also on the Ontario team were Halton Hills Jr. B Bulldogs Dylan Webster, an attackman, and defender Patrick Miles, both from Brampton.

No statistics were available from

tournament play, although Harding scored in the championship game with 1:50 remaining on a set-up by Webster to tie the score at 10 and force overtime.

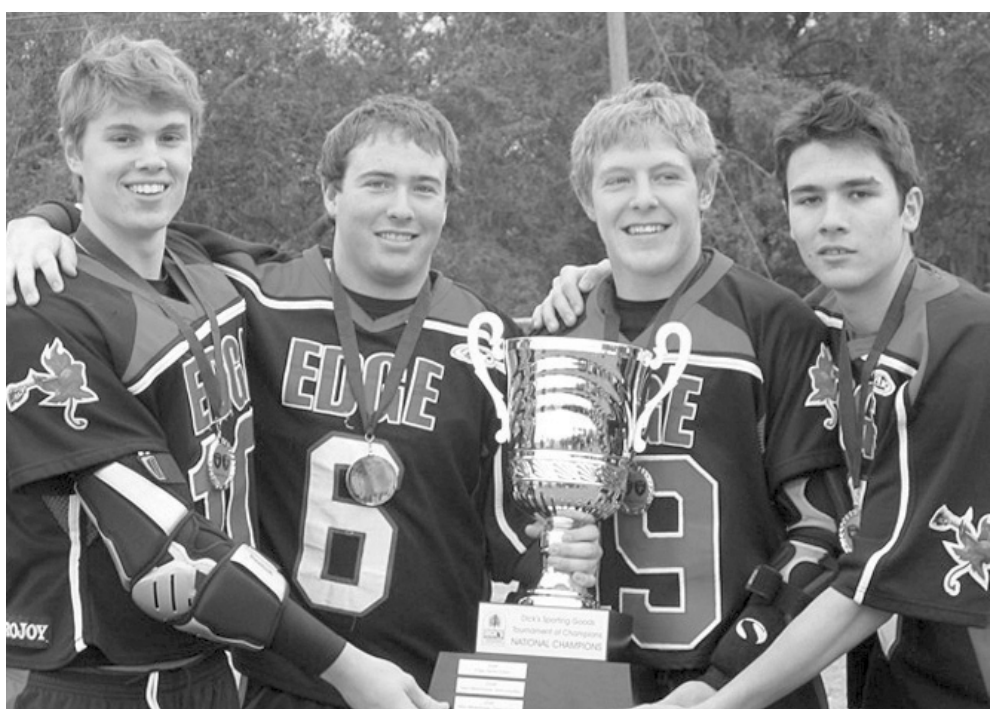

It's the second time in four years that Edge Elite has won what is considered the U.S. national championship.

"I don't know what it is, but I think it's our style of play," said head coach Rick Webster.

"American teams just don't see our style that often."

Davison has been with Elite Edge for the past three years and Harding for two, and were members of the Halton Hills Bulldog midget side that captured the Canadian championship in 2008.

Local residents and Bulldogs Seth Laidlaw and Jamie Dowell played for the Edge Jr. Elites at the same event, finishing eighth in their division.

## Remaining Community Flu Immunization Clinics

Halton Region has been able to provide 146,000 doses of H1N1 vaccine to Halton residents through nearly 100 community flu immunization clinics, as well as through Halton's doctors, hospitals and long-term care homes. To put this into perspective, the number of people immunized would fill, twice, the Air Canada Centre and the Rogers Centre/Sky dome combined. This is truly impressive.

I would like to personally thank our health care professionals, nurses and numerous other support personnel for the professionalism and dedication they have demonstrated during this busy and stressful time.

I also want to thank Halton residents for their patience and kind words of support which can be found on our website at [www.halton.ca/h1n1experience](http://www.halton.ca/h1n1experience). Your words have been a tremendous boost for the clinic staff who have worked so hard to make the clinics run smoothly.
