It's been 10 years since you left us. Not a day doesn't go by that we don't miss you and love you. You left us too soon you're the big brother that's supposed to watch out for us. We know that you still are, from a new place now, but it's just not the same as having you here. We're managing though having the best support (family and friends) that we could ask for, especially each other. So keep watching over us big brother and we'll see you on the other side but not yet not yet!
