

# St. John's United to host Hymns for Haiti

By **LOIS FRASER**  
*Special to the IFP*

Eric Doubt with young Haitian friend.

support of Haiti at St. John's United Church, 11 Guelph St. Guest speaker, Georgetown's Eric Doubt of Healing Hands for Haiti, will share his thoughts and show videos of the work his organization is doing. Singers from St. John's and other local United churches will sing some anthems and then lead in the singing of hymns. Come for Haiti.

papers and on TV? Last Sunday at St. John's, we talked about moving news reports that, in the middle of chaos, Haitians were setting up tents, holding church services and praising God through prayer and song. That's when the people of St. John's decided to sing along!

On Saturday, Jan. 30, from 3-5 p.m., we will lift up our voices in

Come for yourself. Sing your favourite hymns and share your good fortune with those who really need our help. Admission is free (a free will collection will be taken) and all are welcome.

## Library invites young readers to Book Battle

Every year Halton Hills Public Library invites local elementary schools to play Battle of the Books!

What is Battle of the Books? It's a fun, free program for kids in Grades 3 to 8, where children compete to see who knows their books best!

Ask your children's principal if their school is playing! For more information, please call 905-873-2681 ext. 2520 or 519-853-0301.

## Country church seeks accompanist

Ebenezer United Church, a charming country church in the Brookville area, west of Acton, is looking for an accompanist to work with the music director and small choir during Thursday evening practices (7:45-9:30 p.m.), Sunday morning services (10-11:30 a.m.), as well as other special services.

Interested individuals must be self-motivated and willing to work

in a team-based environment, must have strong ability to read music and ability to take direction from the music director and pastor.

Previous experience playing Christian music (both traditional and contemporary), as well as ability on the organ is a definite asset. Email your resume/experience to [pjvb@speedway.ca](mailto:pjvb@speedway.ca) and/or call Janice, 905-854-5697 or Martha, 519-853-4396.

## Tooth Chatter

### PARTIAL DENTURES

A partial denture, is a removable dental prosthesis that replaces one or more missing teeth. It often has a metal framework, with metal clasps and wires that go around your natural teeth, to hold it in place. The teeth that you are missing are added to the framework, and the partial denture fits securely around your natural teeth. If you need a tooth extracted after your partial denture has been made, we can simply add a tooth onto the framework. Removable partial dentures restore a person's natural appearance, as well as greatly improving the ability to chew and speak properly. Partials do not harm remaining natural teeth. They actually prevent your natural teeth from shifting or drifting, and offer additional support. You will not only chew better you will look and feel better too! All work is done on the premises, in our fully equipped state-of-the-art dental lab. Give us a call, and see what we can do.

Creating confident smiles since 1982.

## ... Lend Me Your Ears

### HOW DOES LOUD NOISE CREATE HYPERTENSION?

It appears to affect the nervous system, signalling the peripheral blood vessels to constrict as though under attack/ This triggers a surge of adrenaline and other fight-or-flight chemicals into the bloodstream - a response that carries with it the potential for glandular or cardiovascular changes, in other words, unwanted noise creates the same final results as increased stress (try to avoid)!
