

# Graffiti 'artists' strike

Halton Police report there were three incidents of graffiti spray painted on fences at Georgetown homes in Friday evening.

The fences were located on Snowberry Ct., Danby Rd., and Barber Dr.

A local man is facing charges after police stopped a vehicle on King St. about 9:30 p.m. Friday.

Charged with impaired driving and having over 80 mg of alcohol in 100 ml of blood is Dean Fisher, 31, of Halton Hills.

Police stopped a vehicle about 3 a.m. Saturday in the Eighth Line/Steeles Ave. area.

Charged with impaired driving and having over 80 mg of alcohol in 100 ml of blood is Rupinder Aujla, 40, of Georgetown.

# MPP Arnott handed new post

With the Ontario Legislature scheduled to resume sitting on February 16, Wellington-Halton Hills MPP Ted Arnott has been assigned responsibilities as Deputy House Leader for the Official Opposition.

In this role, he will work with PC MPP and House Leader John Yakabuski.

"I'm looking forward to this new opportunity," said Arnott.

House Leaders from the three parties in the Ontario Legislature work to establish the agenda of the House and attempt to negotiate compromise when there is an impasse.

"People expect their representatives to work construc-

tively across party lines when possible," he added.

His new responsibilities as Deputy House Leader, are similar in scope to those he previously held as an assistant Speaker in the House.

In addition to his current duties as Critic to the Ministers of Culture and Aboriginal Affairs, Arnott also becomes Critic to the Minister of Tourism. Having held the role between 2004 and 2009, he is already familiar with many of the issues and stakeholders involved.

"In times of economic challenge and tightening borders, Ontario's tourism industry needs leadership," said Arnott.

**HOW DOES LOUD NOISE CREATE HYPERTENSION?**

It appears to affect the nervous system, signalling the peripheral blood vessels to constrict as though under attack/ This triggers a surge of adrenaline and other fight-or-flight chemicals into the bloodstream - a response that carries with it the potential for glandular or cardiovascular changes, in other words, unwanted noise creates the same final results as increased stress (try to avoid)!

**THE DENTURE ASSOCIATION OF ONTARIO**

The Denturist Association of Ontario is a professional association incorporated under the law of Ontario. Most Denturists belong to this association. The members of the association are bound by a strict code of ethics to maintain the highest standards of service of the public. Through this association its members are kept informed of new techniques, any new developments, and the latest materials in denture construction. There are many clinics, lectures, seminars, as well as a magazine that is put out 4 times a year. This magazine, "The Denturist", is the organized voice of full-time practitioners in dealing with the licensing board, the government, as well as other professional organizations.

The association is a member of the Denturist Association of Canada and the International Federation of Denture Prosthesisists.

All activities of a licensed Denturist are monitored by the provincially appointed nine-person Governing Board of Denturists. All Denturists licenses must be renewed annually.

You do not need a referral, simply call our office for an appointment.
