Town wants to buy M-SB lands

By LISA TALLYN
Staff Writer

Halton Hills Council gave Town staff the go-ahead Monday to negotiate with the Halton Board of Education for the purchase of 6.2 acres of McKenzie-Smith Bennett School property in Acton.

The resolution was unanimously supported in camera at Monday's Halton Hills council meeting.

Halton Hills Mayor Rick Bonnette said the Town intends to offer a "fair and reasonable" price for the land, and wants to purchase more than the 2.5 acres the school board planned to sell of the 15-acre school site.

Bonnette said the Town wants to buy a larger parcel, "so this (future sell-off of land there by the board) doesn't come up again."

"In essence we're trying to save the school board from itself, because if we

lose the three soccer fields and ball diamond, there is no place else to replace them in the Town of Acton."

He explained the Town is surrounded by greenbelt and can't expand its urban boundaries, for development or new parkland.

"We hope the school board would be reasonable," said Bonnette.

Last year, when the board announced its plans to sell land at the school Bonnette had said the Town didn't want to pay for the land because it already had bought it back in 1958 when the Town of Acton paid \$5,800 for it when it ran the local school board.

When asked why the town would pay for it now, he said, "5,000 people signed a petition to save it."

He said they tried "to pull out all the stops" to halt the sale of the land, even going to the provincial government, but had no luck.

Power outage blamed on Brampton line

An equipment problem on a Hydro One 230 kilovolt line near Brampton caused a power outage for 9,000 Georgetown and 40,000 Brampton hydro customers Tuesday afternoon.

The power went out shortly after

2 p.m. and was back on 20 minutes later.

Residents and businesses affected in Georgetown were located between 10 Sideroad and Hwy. 7 and Winston Churchill Blvd. to the east and Town Line to the west.
