

Neil Cotton (centre), shown here with his band Hawks Nest, will be one of the performers at the Haiti Fundraiser Concert.

Musicians hold Haiti fundraising concert

Local musicians and bands are joining forces to help raise money for Haiti, devastated by an earthquake in January.

"This event is going to be big and is being hosted by the McGibbon Hotel in Downtown Georgetown on Saturday, March 13, from 2 p.m. till 2 a.m. with all proceeds going to The Salvation Army Haiti Relief Fund," said Peter

Howells, lead guitar player for one of the performing bands, Church on Fire.

Featured performers include Larry Melton, Neil Cotton, Happy Hour, The Classics, Church on Fire, and many more.

Admission is \$5 at the door with all proceeds going to the Salvation Army Haiti Relief Fund.

Tour to highlight two local solar projects

Halton Residential Solar Project (HRSP) is holding a tour of solar photovoltaic (electricity-generating) installation at two locations near Acton this Sunday, March 7, 1-3 p.m.

The first to be shown is a year-old 9.6kW system made up of 54 solar panels mounted on a barn roof in rural Milton. The owner has recorded daily weather patterns and energy production rates for the system. According to Project Coordinator Lisa Seiler, the system has produced about 1200 kWh per kW since February 2009, which is higher than the

average production rate for Toronto.

The second system is a new and impressive addition. The 10.8 kW system is pole-mounted and has sun-tracking capability. Installed in December 2009 and has just been connected under the MicroFIT program through Halton Hills Hydro. The homeowners, project team members, and/or installers will be on site to describe and explain the system.

People who are interested in registering for this or a future tour are asked to contact the HRSP team at hrsp.admin@gmail.com or 905-299-2327.
