is just around  
the corner*

Appleby Systems General Manager Doug Wiebe shows off a top-end Weber Summit barbecue, one of the many featured at Appleby's barbecue sale this week. The store, located at 118 Guelph Street, has all levels of barbecues on hand, from starter units to top end, in natural gas, propane or charcoal. In addition to their sale prices, Appleby has gas-fitters on staff to look after the hook-ups as well as a full line of barbecue accessories for the most discriminating barbecue chef.
