Member of the Board of Directors

*The Board seeks major law firm experience.*

One of the key objectives of any healthcare system is to provide access to patients and clients where they need it ... closer to home. Promoting better outcomes and better access are two of the cornerstones of Halton Healthcare Services. With its three facilities in Oakville, Milton and Georgetown, this respected organization serves a fast-growing population of more than 440,000 in one of the most sought-after regions of Ontario. Through its ongoing commitment to quality care, clinical excellence and patient satisfaction, Halton Healthcare Services has become a role model for innovative healthcare in Canada.

As an incumbent Director completes his term, the Board is seeking to welcome a new member to the table. In keeping with the organization's mission of providing healthcare closer to home, the new Director will reside or work in the Halton Region. Most likely a senior lawyer with a major legal firm, the new Director will have a sound knowledge of business and corporate finance matters, extensive knowledge of, and experience in corporate governance,

and not-for-profit board experience. Exposure to the healthcare sector and an understanding of the relationship between the Ministry of Health and Long-Term Care and LHINs would be decided assets. Availability and passion for the vision of better healthcare are essential.

Halton Healthcare Services has retained Promeus Inc. to invite nominations and expressions of interest to fill the upcoming Board vacancy. A detailed Board Director recruitment profile is posted on the HHS website at [www.haltonhealthcare.com](http://www.haltonhealthcare.com). Letters of interest and inquiry, to be received by April 23, 2010, should quote Project #HHSBD-010203, and be addressed to Judy Mandelman, Promeus Inc. Tel: 416-216-4633. Fax: 416-216-4615. E-mail: [resumes@promeus.ca](mailto:resumes@promeus.ca).
