

Call us about
**OFFER MATCH
GUARANTEE***

Working together, we can protect your neighbourhood.

Homeowners in your neighbourhood are being pressured to replace their water heaters unnecessarily by door-to-door sales people. Beware of sales people claiming to be government representatives or that Reliance is no longer in business. Homeowners are also being offered "deals" that may trap them into long term contracts and punitive exit fees.

Be a neighbourhood champion. Warn your friends and neighbours about questionable door-to-door sales tactics. If you are pressured, call us at **1-866-RELIANCE** (735-4262) before you do anything else. Then spread the word at **burnedatthedoor.com**.

Rest assured, Reliance offers the LOWEST rental rates of any major provider.
