CVC has initiated a new management plan for Terra Cotta Conservation Area that provides a balance between protection, appreciation and recreation.

Terra Cotta Conservation Area now features active recreation programs like hiking, snow shoeing and cross country skiing. The area has three pavilions, all available for group picnics, special events or wedding reservations.

The newly-renovated Watershed Learning Centre offers year-round programming and the new

Visitors Centre is available for after-hour meetings of up to 20 people.
