It was Hockey Weekend in Georgetown March 26 to 28 when hundreds of local house league hockey players took to the ice during the Georgetown Minor Hockey Association's annual Weekend of Champs. The crowd roared in support for the dozens of teams facing off in the final games of the year. Trophies were handed out, medals were awarded and pictures were taken as the young hockey stars celebrated the end of another great season.

Mother's Day Photo Contest Winners

Daniela Amoroso and her mom, Melita

"This is going to be my first mother's day. When I was young, life began with waking up and seeing my beautiful mother's face. Now I have a child of my own and I can't wait to wake up and see my beautiful baby girl. Being a mother is the best feeling one can have."

— Melita Amoroso

Katie Crawford and her mom, Heather

My mom is the greatest mom ever! I don't know how she does it all! I am the eldest of 5 kids so she definitely has her hands full! There is so much laundry, cooking and cleaning that needs to be done in our busy household. It is very rare when my mom and I get alone time together but I definitely cherish the moments when we do. I love my mom so much and I really think she deserves something special this Mother's Day!

— Katie Crawford

Emma and Sarah Mandel with their mom, Christine

We think our Mom, Christine Mandel, should win the Mother's Day photo contest because she is a spectacular Mom. She is very outgoing, intelligent, and amazing. You can always count on her to help you with your homework. We may disagree at some point but we still love her.
