

Man attempts to lure youth into car

Halton Regional Police are investigating a report of a suspicious man in Acton who tried to order a young boy into his vehicle Thursday afternoon.

About 3:30 p.m. a 12-year-old Acton boy was delivering newspapers on Mill St. W. on his bicycle when a man in a silver, four-door vehicle pulled up beside him and ordered him to get into his car, police report.

The boy didn't stop or talk to the man, but instead rode home to tell his parents. Police checked the area but could not find the man.

The man in the car is described as white, 5'8" to 6' tall, with short hair. He was wearing a red t-shirt and was possibly in a 2006 to 2009 four-door silver vehicle with an Ontario licence plate.

Halton Police recommend parents review street safety precautions discussed in school with their younger children, to reinforce the school safety program.

They recommend parents tell their children to:

- Play safe and play together. Do not play in remote areas of parks, or take shortcuts through the woods.
- Do not loiter on the way to or from school.
- Do not go anywhere with a stranger, and do not accept rides for any reason. Do not be afraid to say "No" to any request, and run away quickly.
- Advise an adult of any suspicious strangers right away.
- Do not accept any treats toys or money from a stranger for any reason.
- Notify your parents where you are and where you are going, especially if it is a change in routine.

Anyone with information about this incident is asked to contact Halton Regional Police Milton Criminal Investigation Bureau at 905-878-5511 ext # 2410 or Crime Stoppers at 1-800-222-TIPS (8477).

North Halton drivers lead way in seatbelt offences

Continued from pg. 1

Prior to the start of the seatbelt blitz volunteers from Halton Police Service's Communities on Phone Patrol (COPP) in Burlington observed vehicles for the seatbelt compliance of occupants. They found 97.5 per cent of drivers and passengers were wearing their seatbelts. They also noted that the rate for people not using a cellphone while driving was

as high as 99 per cent.

Police remind everyone to wear their seatbelts, as they have been proven to save lives.

Parents should be aware that a properly installed child car seat reduces a child's risk of injury in a collision by as much as 75 per cent.

The fine for not wearing a seatbelt is \$235, and two demerit points.

SOLATUBE

The Right Light For Every Room

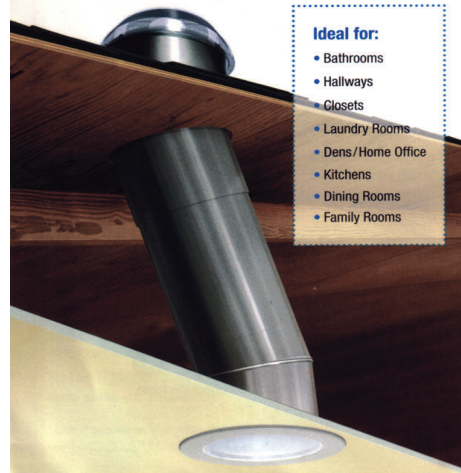

The Brighten Up® Series transforms difficult to light and often forgotten rooms into extraordinary spaces filled with pure, natural daylight. Highly effective and simple to install, the Solatube Brighten Up® Series is designed to light hard to reach places. Choose the size that works for your room.

Model	Tube Size	EDCS*	Light Coverage Area	Potential Tube Length
Solatube 160 DS	≈ 10 in (250 mm)	160 in ² (1032 cm ²)	150 - 200 ft ² (14 - 19 m ²)	20 ft+ (6 m+)
Solatube 290 DS	≈ 14 in (350 mm)	290 in ² (1871 cm ²)	250 - 300 ft ² (23 - 28 m ²)	30 ft+ (9 m+)

*EDCS (Effective Daylight Capture Surface) represents the surface area of the dome that collects and redirects sunlight. For comparison, a clear dome with no lens on a typical 10 inch tube system has an EDCS of 78.5 square inches.
