Rain Barrel Sales Events

Halton Region will be hosting four rain barrel sales events to promote wise outdoor water use. Diverting water from a downspout into a rain barrel allows you to capture rain water and store it for future use to water gardens, shrubs and potted plants.

This year's rain barrels have a new look and price at only **\$36 each (cash only).**

Reduce the risk of WNV

West Nile virus (WNV) season is approaching and Halton Region is ready for its ninth year of comprehensive surveillance activities. Health Department staff will monitor for the amount and type of adult mosquitoes and mosquito larvae to determine the human risk of West Nile virus. Larviciding will begin when staff have identified the presence of mosquito larvae in catch basins or other areas of standing water. Let's continue to keep Halton a great place to live, raise a family, and retire by reducing the risk of WNV. Remove standing water areas where mosquitoes can lay eggs including old tires, toys, clogged eaves troughs, plant saucers, or anywhere water can collect.

Gary Carr
Regional Chair
