## Robson says Glen construction work won't hamper July 1 celebrations

By **CYNTHIA GAMBLE**  
Staff Writer

The ongoing construction on Wildwood Rd. should not affect the Canada Day party in Glen Williams too much, says Councillor Joan Robson.

The Ward 2 Councillor, who lives in Glen Williams, says many residents have been questioning the effect construction would have on the annual festivities.

The lower portion of Wildwood Rd. should be fully accessible by July 1, with only minor work from Erin St. to Confederation St. left to do. Parking will be

available.

The Town is working with the contractor to ensure the road from Oak Ridge to Erin St. is open for July 1. However that may mean only a gravel driving surface, and the road will have to be closed again for a few weeks after the parade. The walkway, from Erin St. to Oak Ridge, likely will not be completed as it is usually the last portion worked on.

"I just want people to know that they will be able to get down from the top (of Wildwood Rd.) and there will also be parking at the bottom," said Robson. "Everything will be in place for Canada Day."

## West Nile control program underway

The Halton Region Health Department began its annual West Nile virus (WNV) control and surveillance program earlier this week.

"Health Department staff will monitor for the amount and type of adult mosquitoes and mosquito larvae to determine the human risk of West Nile virus," said Dr. Bob Nosal, Medical Officer of Health for Halton Region.

Despite WNV positive mosquitoes found in various traps across the region in 2009, there were no reported cases of Halton residents infected with WNV last year.

To reduce the risk of WNV, larvicides are used to control specific species of mosqui-

toes. Larvacides B.t.i. and methoprene are used to safely kill mosquito larvae before they develop into adult mosquitoes. Larviciding will begin when Halton Region staff identify mosquito larvae in catch basins or other areas of standing water. Locations that have received larviciding can be found at [www.halton.ca/wnv](http://www.halton.ca/wnv). Standing water sites will also have a sign posted.

Residents are reminded to avoid being outside at dusk and dawn, cover-up, and wear insect repellent containing DEET.

For more information or to report an area of standing water, dial 311 or call 905-825-6000, toll free 1-866-442-5866, TTY 905-827-9833, or visit [www.halton.ca/wnv](http://www.halton.ca/wnv).

## Georgetown Candlelight Tributes

Candlelight Tributes honour and recognize the sacrifices and achievements of all those who served overseas and on the home front in the cause of Peace and Freedom. These ceremonies were held on May 6th 2010 marking Victory in Europe Day (VE-Day).

The Georgetown Candlelight Tributes committee is an autonomous group of concerned citizens working independently from the Town of Halton Hills. The committee has a close association with the Royal Canadian Legion (Georgetown) Branch 120. The committee raises all funds for the project directly from the public. As well, all expenditures incurred are paid from the funds raised by the committee.

Please join us, the committee members of the Georgetown Candlelight Tributes, Barry Timleck, Glenda Black, Tom Schenk, Shell Lawr, Rein Pater, Connie Van Goch, Andrea Van De Valk, Lesley Bruce, Dick Scheeringa, Bob McNeilly, Alison Murray Brown and Julia Stuart in thanking all of the personal and business donors; community Service Clubs and Associations; volunteers and friends who so generously supported this worthwhile community project:
