## WE DELIVER SATISFACTION!

That's the motto of Harwood's Soil farm, a local business that sells and delivers mulches, nursery stock, aggregates, premium soils and decorative stones to the public. For the past 15 years, Harwoods has earned a reputation for providing bulk delivery service of these products. This year the business is introducing a new service called **Super Sac Delivery**. They will deliver **one cubic yard super sac** of their Premium organic garden soils, colorful mulches & decorative gravel, right to their customers doors. People don't like having the material on their driveways. With the yard bags, you don't have to clean up or have a messy driveway. A cleaner driveway is just one of the benefits of the new **Super Sac Delivery**. The bags protect the garden and lawn material from the weather, which means you can store it until you need it. There's also no need to be home for the delivery, just mark where you want the bags to be left and Harwood's will leave it there for you. The **Super Sacs** are perfect for people who don't need the six or seven yards of soil or mulch that comes with bulk delivery. Harwood's invites the public to stop by the Soil Farm, located on Britannia and Trafalgar, to check out the high quality materials available for **bulk or Super Sac delivery**. Customers can also check out the soil farm's website ([www.harwoodssoilfarm.ca](http://www.harwoodssoilfarm.ca)) to see what is available and to place an order by email. Or, of course, interested people can call the business's friendly customer service staff at **905-878-1900** to order. The staff is more than happy to help their clients find the exact product they need to complete their projects.

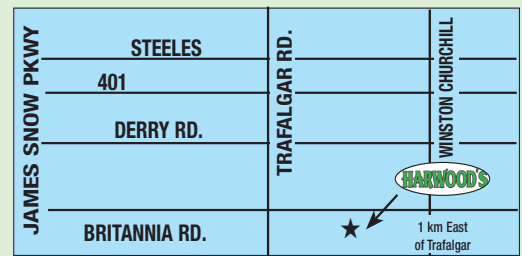

### No Need To Be Home • Multi Bag Discount • Same Day Service • Bulk Delivery
