

A barrel of fun

Halton Region Water Efficiency Program Co-ordinator Kathy MacAlpine (left) helps Rick Duerden of Acton with his new rain barrel during the Region's recent rain barrel sale event held at the Robert C. Austin Operations Centre on Trafalgar Road. The sale was one of several the Region hosted across Halton last month to help promote wise outdoor water use during the summer months. (Below) Region of Halton employees Lisa Wayda and Steve Davis peer out over a sea of the lockable lids on the barrels. Last year, Halton residents purchased nearly 6,200 rain barrels. If used to the maximum, those barrels have the potential to reduce water consumption by more than 1.2 million litres, according to Regional staff.
