

# Missing cats concern brothers

Continued from pg. 1

The brothers are next-door neighbours on Russell St.

"It was intentionally placed on my porch," he said.

Zaretsky said the loss of their pet was bad but, "to get this type of response is even worse."

He contacted police but said they didn't take the incident seriously.

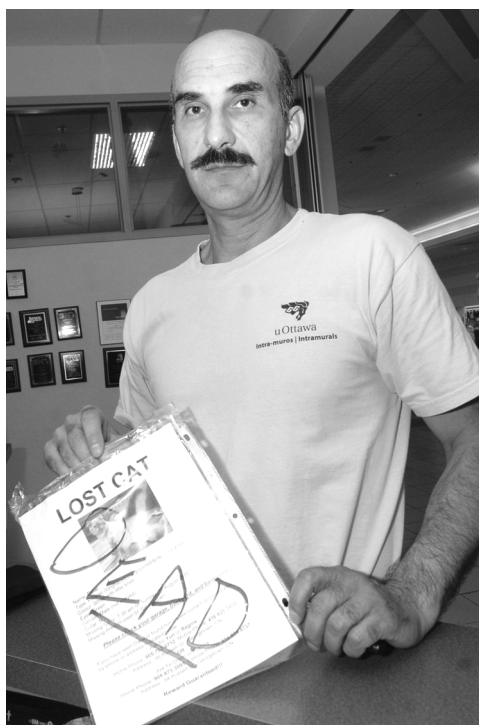

His message to the person who left the poster on his porch is, "don't hurt my family. Come to my face and talk to me."

He said if a youth left the message on the poster he urges him/her to come to him, apologize and talk to him, and if it was an adult, he asks that person to come to him and tell him what problem he or she has with them.

He said several cats have gone missing in his neighbourhood located off of Hall Rd. He's lost four cats in the last year, his brother two in the last 14 months, and another neighbour has also lost four cats.

"I want to give a kind of warning that something's going on in this neighbourhood. Beware if you have pets," said Zaretsky.

If anyone has any information on Dalai, a Persian long-haired (white

Dmitry Zaretsky of Russell St. holds a poster that placed on his front porch with the word 'DEAD' scrawled in red.

with silver) cat who has been groomed to look like a lion, call Zaretsky at 905-873-3091 or 416-834-8737.

# Town Guide delivery is postponed

The Town of Halton Hills' *Community Activity & Service Guide* was scheduled to be delivered on Thursday, Aug. 19.

Due to production complications, the Guide's delivery is postponed until Aug. 24. However, the Guide will still be available online Aug. 19 at [www.haltonhills.ca/re-candparks](http://www.haltonhills.ca/re-candparks) for the public to access.

Fall and winter registration begins Wednesday, Sept. 1.

The *Community Activity & Service Guide* is a keeper for all households, listing all recreational programs offered to residents of ages plus vital Town information about services, upcoming events and contact info.

## Halton Region's Drinking Water System Financial Plan

Ontario Regulation 453/07 of the Safe Drinking Water Act requires that all municipalities complete a financial plan for their respective drinking water systems. Halton Region's financial plan has been developed to comply with the requirements of this regulation in accordance with the Ministry of Environment's Drinking Water Licensing Program.

Halton's plan details the financial state of the Region's drinking water systems and is based on a 10 year forecast. The Drinking Water Financial Plan was endorsed by Halton Regional Council on June 23, 2010.

For a copy of Halton's Drinking Water Financial Plan contact Halton Region by dialing 311 or 905-825-6000, toll free 1-866-442-5866, TTY 905-827-9833 or visit [www.halton.ca/DrinkingWaterSystem](http://www.halton.ca/DrinkingWaterSystem).

## Tornadoes can occur at any time. Know the risks...be prepared.

Tornadoes can occur at any time of the year, especially in the summer. Warning signs include thunderstorms, with frequent thunder and lightning, a dark sky, rumbling or whistling sound or funnel cloud.

Listen to your radio during thunderstorms for tornado warnings. If there is a tornado, go into the basement or lowest level of a sturdy building. If you are outdoors, lie flat in a low lying area and shield your head with your arms. Do not stay in a vehicle or mobile home. Take shelter elsewhere – even a ditch offers better protection.

To learn more, visit [www.halton.ca/beprepared](http://www.halton.ca/beprepared) or dial 311.
