

# Grand-scale illusionist to perform in Acton

Illusionist Claude Haggerty is bringing his Grand Scale Illusion Show to Acton on Saturday, Oct 2.

This grand scale show will be held in a small venue—Acton Arena & Community Cen-

tre, on Queen St. (Hwy 7) for an up close and personal show at 3 p.m.

Haggerty has performed before millions of people including at the Air Canada Centre and on the *Jay Leno Show* and

has raised over \$4 million for charity and visited more than 8,000 elementary schools and high schools to promote the importance of following your dreams.

Claude Haggerty and his as-

sistants will appear, disappear and levitate up close and personal. Audience members will be encouraged to participate in this very interactive show.

Admission to the Claude Haggerty Illusion Show on Saturday, Oct. 2 is only \$15 or just \$12 with a non-perishable food item that will be donated to the local food bank.

Haggerty has offered to donate free 30-minute inspirational shows promoting the importance of believing in your self and following your dreams to any local school interested in having him visit their school. Schools may contact Haggerty at [magicman7@sympatico.ca](mailto:magicman7@sympatico.ca)

Additional information and discount family passes are available by visiting [www.claudehaggerty.com/acton](http://www.claudehaggerty.com/acton).

Dave and Janis Braida, local Re/Max Agents are sponsoring this family event to support Acton Foodshare food bank.

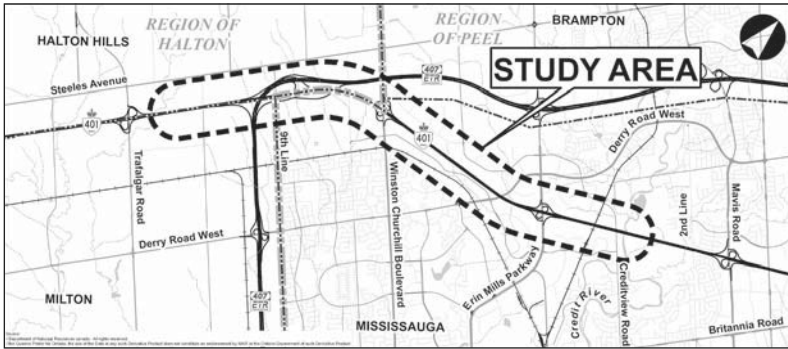

Illusionist Claude Haggerty will perform in Acton on Saturday.

## NOTICE OF STUDY COMMENCEMENT

**Highway 401 Improvements  
From East of the Credit River to East of Trafalgar Road  
WO. 07-20021**

### THE PROJECT

URS Canada Inc. has been retained by the Ontario Ministry of Transportation (MTO) to undertake a Preliminary Design and Class Environmental Assessment Study for improvements to Highway 401 from east of the Credit River to east of Trafalgar Road (9.7 km) in the Town of Milton and the Town of Halton Hills, in the Halton Region, and the City of Mississauga, in the Region of Peel.

The purpose of this study is to identify the interim and ultimate capacity and operational needs for this section of the Highway 401 corridor and to consider provisions for high occupancy vehicle (HOV) lanes and transit. Possible improvements that will be investigated as part of this study include structural, illumination, drainage and interchange modifications.

### THE PROCESS

This study will follow the approved environmental planning process for Group "B" projects under the *Class Environmental Assessment for Provincial Transportation Facilities (2000)*. A Transportation Environmental Study Report (TESR) will be prepared and made available for a 30-day public review period at the completion of the study, which will document the transportation opportunities, the generation, assessment and evaluation of alternatives, the recommended plan, a summary of environmental issues and potential mitigation measures, and a summary of consultation undertaken throughout the study. Notice of TESR submission and public review period will be advertised in this newspaper and mailed to those on the project mailing list.

### PUBLIC CONSULTATION

Two rounds of Public Information Centres (PICs) will be held for the public to discuss the project and provide input to the Project Team. PIC#1 will focus on the alternatives developed to address the required Highway 401 improvements and PIC#2 will present the recommended plan. Notification, advertising the time and location of the PICs, will be published in this newspaper.

### COMMENTS

To obtain additional information, provide comments, or to be placed on the study mailing list, please contact the Project Team as follows:

**Olga Garces, P.Eng.**

There is an opportunity at any time during the study for interested persons to provide input to the Project Team including comments and information regarding the study. Comments are being collected to assist MTO in meeting the requirements of the *Environmental Assessment Act*. This material will be maintained on file for use during the study and may be included in project documentation. Information collected will be used in accordance with the *Freedom of Information and Protection of Privacy Act*. With the exception of personal information, all comments will become part of the public record.
