

It's Bird Day at WPEC this Sunday

It's International Migratory Bird Day at the Willow Park Ecology Centre, 1-4 p.m. this Sunday, Oct. 3.

Birds help us by pollinating flowers and feed on insects and rodents that eat crops. The goal of this day is to raise awareness of the issues and obstacles faced by migratory birds and to discover how people can help us.

Become a citizen scientist by learning how you can participate in an international study of birds with Bird Studies Canada's Project Feederwatch, try a cup of shade-grown coffee and learn how you can help to conserve bird habitat with every mug. There will be fun and games for all ages including a bird scavenger hunt.

Go to www.willowparkecolgy.com to download a Bird Search puzzle; bring it with you on Sunday and you could win a copy of *WPEC Birds and Birding Guide* and other prizes.

While there is no charge for participation, donations are welcome. Bring a litterless lunch or a snack and come anytime between 1 and 4 p.m.

Please pre-register at wpec@willowparkecolgy.com or 905-702-9055.

Willow Park Ecology Centre is located at the base of the Norval hill. From Georgetown take Hwy 7 east to Norval. Turn left at Mary Street (first left at the bottom of the hill) and park in the parking lot and follow signs, west towards the river.

Celebrate Fall!
