

Shepherd's Crook 86 Main St. S.

The building hosting the Shepherd's Crook pub at 86 Main St. S. was built in 1879 and began operation as a hardware store. Goodlet's (below) operated a hardware and appliance store out of the location for 60 years before closing in 2000. The heritage building had only been owned and operated by two families in that time. The Shepherd's Crook began operation in 2002 and remains a popular downtown eatery.

Glen Town Hall

More than 139 years ago Charles Williams deeded land for the citizenry of Glen Williams to build a community hall. Residents rallied around the cause and in May 24, 1871 the Glen Town Hall opened. The hall continues to serve residents to this day.

ANNOUNCING CHARGER TOPPER ...a custom-equipped economy Charger from Dodge.

Take the lowest priced Charger hardtop built, add the features most young people buy, plus a great-looking landau vinyl roof at no extra charge... and you've got it—the Charger Topper.

THIS CUSTOM-EQUIPPED CAR OFFERS:

- Vinyl landau roof
- White sidewall tires
- Wheel covers
- Bumper guards, front and rear
- Left remote-control mirror
- Special bright finish mouldings
- Fender-mounted turn signals.

WITH SALES UP 100% OVER LAST YEAR'S, CHARGER MUST HAVE SOMETHING CAR BUYERS WANT. IT DOES.

We call it the great shape. And a lot of people agree. Charger was voted Teen Car of the Year by *Scholastic Magazines*, Performance Car of the Year by *Cars* magazine and Best Styled Car of the Year by *Car and Driver* magazine. Not bad for a car that's also making a reputation by saving you money.

CHARGER IS ONE OF THE ROOMIEST 2-DOOR HARDTOPS ON THE MARKET.

A roominess index published in *Automotive Industries* magazine showed the Dodge Charger 2-door hardtop to be roomier than the Ford Torino 2-door hardtop and the Chevy Chevelle 2-door hardtop. Who said Charger isn't a family car?

NOW THAT YOU KNOW ABOUT ITS BIG ADVANTAGES, A WORD ABOUT A SMALL ONE —CHARGER TOPPER'S PRICE!

Hard to believe that this luxurious family-sized Charger V8 costs only \$17.75* more than the Torino 500... \$39.25* more than the Malibu. But that's the way it is. And Charger's standard 318-cubic-inch V8 is bigger than either of theirs... and so are its 62-inch rear track... and its 21-gallon gas tank... and its big F-78 tires on V8 models. And Charger's standard all-vinyl deep-pleated interior is an optional cost item on the other two cars. Now take another look at the picture of Charger Topper. How can you think of buying anything else?
