

About the Cover

Tony Fortunato and his wife always admired the old windmill in a field north of Grand Valley as they passed by. Finally, while driving in the area one wintery day, he decided to stop and photograph it from a few different angles. As luck would have it, capturing images of the old structure was a prudent action. The next time they drove by, the windmill had blown over. For more of his images turn to pages 52 and 53.

ALL-WEATHER PLUS

A third generation in Nokian Tyres' unique line of "All-Weather Plus" tires, the new Nokian WRG2 and WRG2 SUV offer the best performance in every season. The shape and siping of the outer shoulder make the tires easy to handle in the most extreme conditions, and are excellent on dry roads, even at high speeds. So while seasons may change, your choice of all-weather tires remains the same: Nokian WRG2 and Nokian WRG2 SUV.

Severe Service Emblem

Nokian Tyres' All-Weather Plus line exceeds the new government standard for tire performance in harsh winter conditions.
