

Health card service now available at Guelph St. ServiceOntario centre

As of Monday, (Nov. 22), Georgetown residents have a newly-integrated ServiceOntario centre and can access health card and driver and vehicle services under one roof.

Routine health card services are now available at the ServiceOntario centre at 324 Guelph St. in Georgetown. Driver and vehicle licensing services are already offered at this location.

Services offered at various ServiceOntario locations include:

- Ontario health card renewals
- Ontario driver's licence renewals
- Renewal of licence plate stickers
- Driver abstracts
- Motor vehicle abstracts

- Personalized vehicle licence plates
- Used Vehicle Information packages
- Change of vehicle ownership
- Hunting licences
- Fishing licences

"Ontarians will benefit from a one-stop shopping experience for most health card and driver's licence services at all of our ServiceOntario centres by the end of this year," stated Harinder S. Takhar, Minister of Government Services, in a press release.

By the end of this year, nearly 95 per cent of all Ontarians will soon be within 10 kilometres of an integrated ServiceOntario centre.

Drop in building permits leads to shortfall

By **CYNTHIA GAMBLE**
Staff Writer

Fewer than expected building permits has led to a \$76,000 shortfall in the building permit revenue account at the Town of Halton Hills.

Halton Hills council approved the transfer of \$76,000 to the revenue account to make up the difference.

The information was contained in a report on the 2010 operating and capi-

tal budget status as of Sept. 30. Overall to date, the Town is \$2 million ahead and when all the bills are paid by the end of this year, \$340,300 is projected to be remaining.

All capital projects currently underway are within their budgets, with the exception of the 22 Sideroad Concession 4 culvert replacement, which needs an additional \$70,327.

A report will come back to council for authorization of that extra spending.
