### Holiday Safetree

Trimming the Christmas tree is one of the highlights of the holiday season. Follow these tips to make sure you're decorating safely:

- Only use indoor, UL®-approved lights on your tree. Miniature lights which have cool-burning bulbs are safest. Inspect lights and repair or replace damaged strands.
- Never use more than three light sets on one extension cord. Extension cords should be placed against walls to avoid tripping hazards, but never under rugs.
- Turn off all Christmas lights when you go to bed or leave the house.
- Do not use edible tree decorations like popcorn chains or candy canes when small children are present. They may think other ornaments are also edible.
