The kids at Halton Hills Christian School were more than happy to go to school on a Saturday when they brought their friends and family to the school's annual Get the Spirit Bazaar. Crowds of people flocked to the school where they enjoyed vendors, baked goods and treats, a silent auction, a puppet show, face painting, crafts, games and much more. The bazaar is a major fundraiser for the school, which is located on Trafalgar Road in Georgetown.

How do you celebrate the birthday of a guy who is more than 2,000 years old? That was the question at the centre of Halton Hills Christian School's production of The Best Christmas Present Ever! The Christmas musical follows a colourful cast of characters as they plan a big birthday bash for Jesus. Every single student at the school participated in the Christmastime show, which included singing, drama and a really cool black light production.
