Going once...going twice...sold! Members of the Georgetown Seniors Centre's Mingle and Chat group got in the Christmas spirit on December 8 at a fun and festive auction. With bids starting at 50 cents and going to a maximum of \$5, participants bid on gift-wrapped items without knowing what was in the packages they were bidding on. The mysterious auction raised money for the Seniors Centre.

ROYAL FALL CONCERT

St. John's United Church in Georgetown was alive with the sound of music on November 27 when the Royal Academy of Arts and Education held its annual Royal Fall Concert. Friends and family crowded into the church to see the school's talented students show off the new musical skills they've picked up this term. With selections ranging from classical piano compositions to rocking guitar numbers, there was something for every musical taste. Bravo!
