## Shop 'Til You Drop...Your Rate

More Quotes = More Savings On Car Insurance

### Do You Love Shopping Around For The Best Deal?

If you're like most people, you'll often spend hours doing research, checking flyers, looking for specials, and running from one store to another to make sure you get the best possible price on everyday items such as: clothes, electronics, furniture, and even groceries. Nothing beats the thrill of knowing you paid less for something by shopping at one place instead of the other, right? It all adds up – the time you invest and knowing where to go to get the best deals could end up saving you a bundle in the long run.

### When Was The Last Time You Shopped for Car Insurance?

Sadly, even the smartest shoppers often don't spend nearly the same amount of time and energy shopping for car insurance as they do for other items. After all, car insurance can be confusing, it never goes "on sale" (it only seems to get more expensive), it isn't much "fun" to buy, and it seems like no one place always has the best prices. But what if one place compared the rates from over 30 insurance companies? And what if it would only take about 10 minutes? And what if you could end up saving hundreds, or even thousands of dollars? This is where InsuranceHotline.com can help by providing a free unbiased rate comparison service for your driving profile that can connect you with the lowest rate available through our large network of licensed brokers and agents.

### What's The Quickest And Easiest Way To Pay Less?

In the end, saving on car insurance isn't much different than saving on everyday items. You simply need to search for that "better deal", check around for competing quotes, and know where to look. The advantage of starting your process with InsuranceHotline.com is that you only have to go to one place that accesses the rates from over 30 insurance companies, saving you the time and frustration of getting quotes individually from different insurers. In fact, you don't even have to leave the comfort of your own home to find out how much you could be saving on your car insurance.

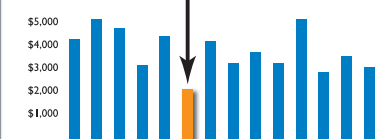

### Don't Be Fooled By Others Offering To "Compare Quotes"

Unlike most of its competitors, InsuranceHotline.com does not sell insurance, is not a licensed broker or agent, and is not owned in whole or in part by an insurance company. This allows InsuranceHotline.com to be unbiased when providing insurance quotes and keeps its focus solely on finding lower insurance rates for consumers. By contrast, most websites offering to "compare insurance quotes" are owned by or affiliated with insurance brokers or agents and are therefore only capable of quoting rates from the limited number of insurance companies they represent, typically no more than 4 or 5.

### Rate Comparison

Driving Record	Lowest Price	Highest Price	Savings
Clean Record	\$958	\$2,213	<b>\$1,255</b>
1 Ticket	\$1,018	\$2,552	<b>\$1,534</b>
1 Accident	\$1,849	\$3,753	<b>\$1,904</b>

InsuranceHotline.com finds this rate for drivers – for FREE!
