Learn more about eBooks and eReaders at the library this month

Join the staff at Halton Hills Public Library for its Technology Made Simple program continuing this month. During March, you'll have lots of opportunity to learn all about eBooks. On Friday, March 4, 2-4 p.m. and Wednesday, March 9, 7-8:30 p.m.— both at the Georgetown Branch, 9 Church Street—you're invited to hear a presentation on eBooks and eReaders. Then, there will

be a chance for some one-on-one help and some "play time" on the following days:
 • Friday, March 11, 2-4 p.m. at the new Acton Branch
 • Wednesday, March 16, 10-11:30 a.m. at the Georgetown Seniors' Centre
 • Friday, March 18, 2-4 p.m.

at the Georgetown Branch. All of these programs are drop-in: no registration required. All skill levels and questions are welcome. For more information, please call 905-873-2681 ext. 2511 or visit www.hhpl.on.ca.

NOTICE OF PUBLIC INFORMATION CENTRE #2

Transportation Master Plan to 2031 – The Road to Change PR-2414

Background

Halton Region has initiated a Transportation Master Plan (TMP) – *The Road to Change* to develop a sustainable, integrated transportation plan and associated strategies that consider all modes of travel (automobiles, transit, cycling, walking) to the year 2031.

Problem Statement

The Master Plan will provide the strategies, policies and tools required to meet the Region's transportation needs safely, effectively and cost efficiently.

The Process

This Transportation Master Plan is a study which defines existing problems/opportunities, considers and evaluates solutions, and will identify an optimum transportation system to the year 2031. A key outcome of the study is a list of transportation projects that the Region can incorporate in its 20-year Roads Capital Program. To comply with the Environmental Assessment Act, the study is being conducted in accordance with the Municipal Class Environmental Assessment (EA) process (October 2000, as amended in 2007).

The first round of Public Information Centres were held March 2010 to present the study background, vision, guiding principles, and problems and opportunities. Thereafter, a preferred transportation strategy was determined taking into consideration comments that were received from the Local Municipalities, regulatory agencies and the public. A second round of Public Information Centres has been arranged to review the preferred transportation strategy and receive comments from the public.

Public Information Centre Locations

Municipality	Date	Time	Location
Town of Milton	Monday, March 7, 2011	Drop-in: 6:30 p.m. Presentation: 7:00 p.m.	Milton Sports Centre 605 Santa Maria Boulevard (Banquet Room)

Building a Better Halton through our Transportation Master Plan

If you drove in Halton Region today, you probably drove on at least one Regional road. We're responsible for all aspects of the Regional Road system, including the planning, design, construction, operation, maintenance and overall management of over \$1 Billion in road-related infrastructure.

For the last year, staff have been consulting with residents and stakeholders to develop Halton Region's Transportation Master Plan. This plan will provide the strategies and tools needed to safely and cost-effectively meet the Region's transportation needs to the year 2031.

Now we want to share our plan with you. Throughout March, you can come to one of our meetings, give us a call or visit www.halton.ca/htmp to learn more and let us know your thoughts.

Gary Carr
 Regional Chair
