

The All *New* **ULTRASHAPE**<sup>®</sup>  
 Redefines Focused Ultrasound  
 The New Gold Standard in Non-invasive  
 Fat Reduction & Body Contouring

**EndyMed**<sup>™</sup>  
 THE 3DEEP<sup>™</sup> COMPANY

Precise Energy Delivery with Visible Results

The **3DEEP**<sup>™</sup> RF technology offers superior performance by combining the safety of a bipolar RF technology with the targeted treatment effectiveness of a monopolar RF technology. **3DEEP** can be applied to multiple aesthetic applications, such as skin tightening, body contouring and wrinkle reduction.

## “PINCH AN INCH” with ULTRA SHAPE V.3

**New Year, New You!!**

New Years Resolution for 2011: Lose weight, tone body, look and feel good!  
 How: **Free consultation!!**

**Where:** Milton Medical Center

### Ultra Shape V.3

**WHAT:**  
 The non-invasive, alternative to plastic surgery!  
 Designed for the reduction of fat deposits by ultra sounds waves.  
 No downtime, you can resume daily activity post treatment!

**HOW:**  
 The fat is absorbed by the bodies metabolism. It is either turned into energy, or sent to the circulatory system, and then on to the liver. In the liver the fat is then processed as any other fatty acid, such as with foods.

**WHERE:**  
 Abdomen, Flanks (love handles), Thighs, Buttocks

**\*On average, one sees a circumference reduction of 4 cm and as much as 10 cm after 3 treatments!**

- Non-invasive but effective skin tightening and contouring application.
- Customized treatment parameters for each patient's specific needs.
- Minimal discomfort with no cooling requirements.
- Short treatment with no downtime.
- Progressive results are visible at the end of each session and continue over the months to follow.

### WHERE:

Body Contouring for: Neck, Chest, Abdomen, Buttocks, Thighs

Body Tightening for: Cheeks, Arms, Knees

Facial Tightening for: Forehead, Eyes, Mouth
