### HEAR every word of the Royal Wedding!

The world will be watching the pageantry of the royal wedding of William and Kate on April 29. Many people find that accents on TV make it difficult to catch every word clearly. If you find that people often mumble and accents are difficult for you to understand, you may have a hearing loss. Book a hearing test before April 29 to ensure speech clarity.

## Carr calls out election candidates

Halton Regional Chair Gary Carr is asking candidates running in the May 2 federal election to explain to voters how they would resolve critical issues facing Halton.

The candidates were asked to respond to a questionnaire by April 19. The questions and the answers received from the candidates are on Halton's website at [www.halton.ca/2011election](http://www.halton.ca/2011election).

As of yesterday afternoon (Wednesday), among Wellington-Halton Hills candidates, only responses from Conservative candidate Michael Chong had been posted.

"Halton is one of the fastest growing regions in Canada and one of our greatest challenges is having the financial resources to support the infrastructure needed for that growth," said Carr. "Halton voters should be informed about how local candidates would advocate for Halton's interests in the House of Commons. Areas such as municipal infrastructure, affordable housing, health care and child care are significantly impacted by program and funding allotments from the federal government."
