Town would like residents' input

Halton Hills and its citizens continue to plan for the future.

Our latest initiative involves a community effort to prepare a Community Sustainability Strategy, a blueprint for a path towards a more sustainable future— a future with a great quality of life for all.

This is an exciting path for Halton Hills, requiring us to "Imagine Halton Hills" over the next 25-50 years. There is a questionnaire to fill out and it only takes five minutes. To complete the survey online please visit the Town's website at www.haltonhills.ca. We would like your input.

On May 24, council will be making a decision on whether to fund part of the Georgetown Hospital expansion project. I have written the Minister of Health and Long-term Care and Councillor Jon Hurst and I have also met with the minister and we are still awaiting a formal response.

Congratulations to Wellington-Halton Hills MP Mike Chong on his re-election. I wonder if the prime minister will find a spot for him in his cabinet this time around?

The early results are in and the message is clear— the Acton Branch library is a stunning success.

History has shown that when new libraries are provided, the use of programs and services increases significantly. This has certainly been the case with our new Acton Branch which opened February 26.

In the month of March alone, items checked out from the Acton Branch in-

Rick Bonnette

created by 74% over the same period last year. Early circulation reports for the month of April show an increase of 82%. You build it and they will come. We will see the same thing in Georgetown when the Library and Cultural Centre renovations are complete.

I would like to congratulate longtime volunteer Dorothy Rognvaldson who is being recognized Saturday as this year's Acton Citizen of the Year. Dorothy is 93 and still giving to her community.

Congratulations to the Georgetown Little Theatre on their 50th anniversary. It's hard to believe that the GLT has been entertaining our community for 50 years!

Congratulations to Garden of Eden in Georgetown and to Clean Rides Inc. in Acton on their grand openings.

Keeping it real! I can be reached by phone at 905-873-2601, ext. 2342, or by email at mayor@haltonhills.ca or you can read my blog at www.rickbonnette.blogspot.com

—Rick Bonnette is the mayor of Halton Hills

... Lend Me Your Ears

A diminished social life is one of the most difficult aspects of age related hearing loss. Many people avoid drawing attention to their hearing loss by having fewer social contracts when it becomes difficult understanding what is being said. The result is an altered and lonely existence that family and friends may mistake for dementia.

Learning new strategies to cope with hearing loss could go a long way to restoring confidence and improving communication. The Hearing Clinic recommends the following: Inform people of the hearing loss so they may modify their speech; eliminate background noise; watch the speaker carefully and sharpen natural lip-reading abilities; ask the speaker to repeat what was said if necessary, and above all else; have your hearing thoroughly tested and properly fit with one of today's modern hearing instruments. Contact The Hearing Clinic if you or someone you know needs assistance.

We care about your hearing! Professional Arts Building 99 Sinclair Ave., Suite 210 Georgetown (905) 873-6642

Tooth Chatter

TOOTH TIDBITS

I needed to take an impression of my new patient's mouth in order to have his dentures made. The material I had prepared was ready, and I placed the impression tray in his mouth. When I removed the tray, I noticed a large air bubble in a critical area. "I'm sorry", I told the patient. "I haven't made a very good first impression." "What do you mean?" he asked in surprise. "I think you are very nice."

"Wayne Gretzky is the first person to appear on a can of Campbell's Soup," says Jay Leno. "That makes no sense, to put a hockey player on a can of soup. It's probably the only thing you can eat without teeth"

Great Britain: Workmen at Blackpool Pleasure Beach were surprised when they drained a lake underneath the amusement park's Big Dipper roller coaster. They found in it, a pile of false teeth that had fallen into the mouths of screaming passengers. One newspaper promptly renamed the ride the "Molar Coaster."

For dentures that stay put, give our office a call!!! Creating confident smiles since 1982. Alexander Trenton, DD, F.C.A.D. (A) Denturist Georgetown Denture Clinic, 18 Church Street, Georgetown, Ontario 905-877-2359 (Across from the Library and Cultural Centre)
