

Highway comment deadline extended

The deadline for public comments on the planned provincial highways bisecting south Halton Hills has been extended to June 30.

The deadline had been set for Monday, 90 days after the release of Stage 2 of the GTA West Environmental Assessment Study. But in an e-mail to *The Independent & Free Press*, the deadline extension was announced.

Written comments can be provided at <http://www.gta-west.com/comment-form.php> or to Neil Ahmed, Consul-

tant Project Manager, project_team@gta-west.com

If residents wish to respond but are unable to meet the deadline, they are asked to contact Ahmed immediately to discuss the matter, 1-877-522-6916.

There will also be ongoing opportunities for public comment in the subsequent stage of the study—the finalization of the highway corridor and alignment.

Fraser Direct aiding forest fire fight

A local company is helping to fight fires in Canada's west.

Fraser Direct was involved over the last couple weeks in a high profile customs clearance in Vancouver, when they arranged for the clearance of six helicopters from New Zealand.

The helicopters were cleared through Customs on a temporary entry on behalf of Fraser Direct's client, Canadian Helicopters, who imported the six machines for approximately six months for use in

fighting forest fires in British Columbia. Once the Canadian summer comes to an end, the helicopters will travel back to New Zealand to be used for fighting forest fires during their summer months.

The six helicopters arrived by ocean container and Fraser arranged for all six to clear Customs. Fraser Direct is licensed to clear goods anywhere in Canada and their Customs Brokerage operation operates 24 hours a day, seven days a week.

Best Buy CORRECTION NOTICE
