# Somerville elected to FCM again

Wards 1 and 2 Halton Regional Councillor Clark Somerville has been re-elected to the Board of Directors of the Federation of Canadian Municipalities.

He was elected to the one-year term at the FCM annual general meeting in Halifax recently. Somerville was one of 15 seeking 11 Ontario positions.

Somerville is hoping to continue his work on the FCM's Rural Forum and Social Economic Development committees. He would also like to sit on the Municipal Finance and Intergovernmental Arrangements Committee.

## NOTICE OF PUBLIC INFORMATION CENTRE #2

### TOWN OF HALTON HILLS TRANSPORTATION MASTER PLAN STUDY MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT NOTICE OF PUBLIC INFORMATION CENTRE #2

The Town of Halton Hills, through their consultant Hatch Mott MacDonald, has initiated a Transportation Master Plan (TMP) Study. The Class Environmental Assessment (Class EA) Study will develop an integrated transportation plan and associated strategies that consider all modes of travel to meet several road network challenges up to 2031. The Study will identify future projects within the study area.

Throughout the study process, the Town of Halton Hills has been seeking input from the public through a variety of consultation activities, including stakeholder and interest group meetings held during the course of the study. One of the key communication tools used during the development of a TMP is the Public Information Centre (PIC). PIC's provide the community with the opportunity to provide their input at key stages in the study.

The first PIC was held on February 10, 2011 to present and discuss the Problems and Opportunities, as well as, the background and purpose of the study. The second PIC will be held as follows:

**Date: Wednesday, June 22, 2011**

**Time: 6:00 p.m. – 9:00 p.m.**

**Location: Acton Arena and Community Centre  
415 Queen Street East  
(Hwy. 7), Acton ON**

The purpose of the second PIC will be to present and seek input on the study progress including details of the preferred plan and the supporting transportation policies. The PIC will be an Open House format, with a brief presentation at 7:00 p.m., followed by the opportunity to ask questions of the project team on a one-on-one basis. We encourage those interested in the study to attend.
