**TOP \$\$\$ TIP**

Choosing to have renovations done before putting your house on the market can drastically influence your home's market value.

**5 Reasons to Use a Mortgage Broker...**

**CHOICE:** A mortgage broker has access to a network of lenders, which includes banks, credit unions as well as non-traditional lenders - and more "choice" is always better for you.

**ADVICE:** A broker works for you, not for the lender. That means that YOU are the focus.

**SAVES YOU TIME:** Going from lender to lender, filling out applications, trying to negotiate the best rate can be both intimidating and time consuming. A broker will do the "shopping around" for you - which saves you time.

**CONVENIENCE:** Most brokers are available around the clock and can answer your questions at times that are convenient for you - like during the evening or on weekends.

**NO COST TO YOU:** In most situations, lenders pay compensation to the broker for the services provided - that means no cost to you.
