

Extreme Pita to serve lunch program

Packing a nutritious and tasty school lunch that will get your child through the afternoon, is often challenging. The recent introduction of new nutrition standards in Ontario schools, taking effect on September 1, 2011 is adding to this challenge.

Many Pizza and Sub Day lunch programs are not meeting these minimum standards, leaving a hole in the catered lunch program market. Extreme Pita is filling this gap by introducing a new lunch program initiative to schools across Canada.

Extreme Pita's new lunch program:

- Includes full menu offerings that

conform to all new nutrition standards

- Offers a full menu that has been Health Check certified by the Heart and Stroke foundation

- Provides full disclosure of the nutritional value and sodium levels of all menu items for parents and principals

- Is committed to helping Canada fight the ongoing battle of childhood obesity

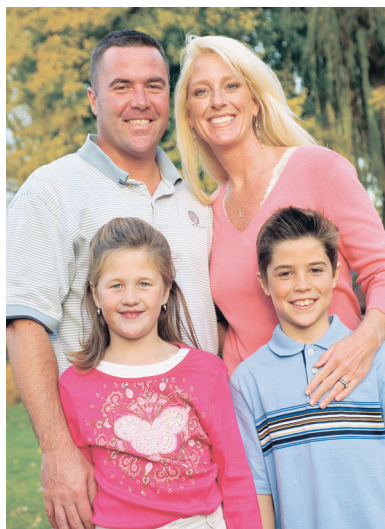

Three schools in Georgetown—Stewarttown, Silver Creek and Park—have signed up for this program already, with numerous others expected to come on board in the next few months.

This year, it's straight A's thanks to Oxford Learning!

This year will be the year that I no longer have to worry about test scores, project marks, or report card grades. This year will be the year that it all makes sense. This year I'll get A's. This year I'm going to Oxford Learning.
