

Police blotter: Coté Terrace resident startled by intruder

Halton Police are looking for a man who startled a resident in her unit at Coté Terrace Thursday morning.

Police say the woman was sleeping and awoke sometime between 11:15 and 11:45 a.m. to find a man in her room. She confronted the man who left. He had picked up her purse while he was in the room, but nothing appeared to be missing.

The man was described as

white, 35 to 40 years old, and was wearing a white shirt, painter's cap, glasses and carrying a green reusable grocery bag.

•••

A London man is facing charges after a hit and run accident at Guelph St. and Maple Ave. about 2 p.m. Saturday.

A vehicle, stopped for a red light, was rear-ended by another vehicle. That driver fled, at a high rate of speed, westbound

on Guelph St., followed by witnesses to the incident. The witnesses were able to get the driver to stop in the McNabb and Queen Sts. area and detain him until police arrived.

Charged with failing to remain at the scene of an accident and careless driving is Pawan-deep Singh, 20.

•••

A 1993 Ford Crown Victoria was stolen from a Fourth Line

residence sometime late Wednesday or early Thursday. The vehicle, which didn't have any plates on it, is valued at \$300.

•••

A tree was cut down and a bench was damaged in Barber Dr. Park sometime before Friday Halton Police report.

•••

Approximately \$500 worth of damage was caused at Adamson Spa and Salon on Adamson St.

in Norval sometime between midnight and about 1 p.m. Friday. Several planters were damaged, broken beer bottles were strewn around, and a window was smashed with a beer bottle.

•••

Lattice on top of a fence at a Rennie St. Acton residence was damaged sometime early Sunday. Damage is estimated at \$100.

Police seek chase suspect

Halton Police are looking for a suspect who led an officer on a high-speed pursuit along 32 Sideroad Friday.

About 9 a.m. an officer on patrol in a marked police cruiser saw an older model Jeep Grand Cherokee being driven on 32 Sideroad without a front licence plate. The officer attempted to pull over the vehicle by activating its lights and siren but the driver didn't stop and began to drive evasively.

Police determined the plates on the Jeep were reported stolen and pursued the Jeep for about 14 km, at speeds in excess of 100 km/hr to the area of Mississauga and Old School Rd. in Caledon where the officer called off the chase for public safety reasons.

The Jeep was found a short time later abandoned near a wooded area, but the driver was gone. The suspect driver is described as male, white, 30 to 40 years old, with dark hair and some facial hair.

Anyone with information is asked to call the One District Criminal Investigation Bureau at 905-878-5511 ext. 2415 or Crime Stoppers at 1-800-222-TIPS (8477).

EMPLOYMENT OPPORTUNITY

SURVEY ASSISTANT
Posting No. 201129

Reporting to the Manager of Design and Construction, the Survey Assistant will assist the Survey Technician to coordinate and collect field information following sound surveying practices. The information gathered by the Survey Assistant is relied on by design and construction staff in support of the Town's capital construction program.

Responsibilities:

- Assist in the completion of pre-engineering surveys, construction layout, storm sewer, property line and tree dispute locates.
- Update storm sewer, benchmark, and streetlight database.
- Organize, file and maintain survey documents in Design and Construction office.
- Provide back up Survey Technician duties and construction inspection as required.

Qualifications:

- 2-year Civil Engineering Technician diploma or equivalent education and experience.
- Registration with OACETT with a C.TECH designation.
- 4 years of experience in a Civil Engineering environment, which includes 2 years credit applicable to obtaining a C.E.T. designation.
- Knowledge of Microsoft Word, Excel and AutoCAD.
- Familiar with Nikon AP800 survey equipment and software.
- Physically able to perform heavy lifting (in excess of 75 pounds), walking and climbing on rough terrain required. Working in high traffic and construction areas also required.
- Valid Ontario Class 'G' Drivers License with a clean abstract.

Annual Salary Range:

The annual salary for this full time, permanent position is \$49,076 - \$58,424.

Qualified candidates may submit a detailed resume in confidence to the undersigned by **4:30 p.m., Friday, September 9, 2011.** Please quote **Posting No. 201129** on your resume.

Ms. Jacqueline Kerr
Manager of Human Resources
Town of Halton Hills
1 Halton Hills Drive
Halton Hills ON L7G 5G2
Email: humanresources@haltonhills.ca
Fax: (905) 873-1431 118

We thank all those who apply, but advise that only those applicants selected for an interview will be contacted.

Personal information is collected under the authority of the Municipal Act, 2001 (S.O. 2001, c.25) and will be used to select a candidate. Questions about this collection should be directed to the Manager of Human Resources.

COUNSELLING THE NEW HEARING AID USER

The following few tips, if followed correctly, will prolong the benefits and enjoyment of better hearing:

- Do not get the hearing aid wet
- Do not leave the instrument where it is too hot or cold
- Try not to drop the hearing aid
- Do not spray cleaning solution or hair spray on the instrument
- Keep the instrument and batteries out of the reach of small children and especially pets

If any of the above problems do occur, please don't hesitate to call...

SMILE WITH CAUTION IF YOUR

DENTURES ARE MORE THAN 5 YEARS OLD

If you have been wearing the same dental prosthesis for more than 5 years without having it checked by your Denturist, you are running unnecessary risks. Too many people believe that dentures are good for 20 years. Nothing could be further from the truth! The removable prosthesis is made of a hard, rigid material, your face, mouth and jaw, on the other hand change over the years. Because it cannot adapt to these changes and because artificial teeth wear down with time, a prosthesis cannot do its job effectively for more than about five years. This reality can have devastating consequences that are often invisible and imperceptible to the wearer of a worn-out denture.

Here is a short list of the most harmful possible effects suffered by wearers of dentures more than 5 years old:

- Softening of the tissues
- Painful, irritated tissues
- More laborious chewing and difficult digestion
- Headaches, ear aches, neck pain and joint problems
- Sagging mouth and premature wrinkles
- Accelerated resorption of the bone - ridge becomes flat

...and this is only a partial list! Very few people maintain their prosthesis properly. Don't take chances with your health, see your Denturist annually.

And remember, it takes 17 muscles to smile, but only one good Denturist!!!

Creating confident smiles since 1982.
