BREAKING NEWS: Gold is at a record high!

# THE ROADSHOW IS COMING TO GEORGETOWN NEXT WEEK!

By: Michael Ross  
Great Canadian Roadshow

After two successful weeks in Grimsby, the roadshow is heading to Georgetown! So you better search through your attics and basements, go through your lock boxes and jewelry, because you may be sitting on a small fortune and not even know it! Roadshow experts are here to examine all your antiques, collectibles, gold, and silver.

During our show in Guelph, a woman came in with a jewelry box that she had just inherited from her late aunt. "I don't wear jewelry," explained Cheryl Barnes, "so it was an easy decision to come down to the Roadshow to sell it". She was very excited when she was able to walk away with a cheque for over \$2,100 for jewelry she was never going to wear anyways.

**"I'm so happy," Linda explains, "I never would have thought that my old tin of coins was worth so much! I can finally afford to renovate my kitchen."**

coins prior to 1967, and American coins prior to 1964 are all made with silver, and we have noticed a large increase of customers coming to the Roadshow with coins and cashing them in for their silver value."

Experts at the Roadshow will evaluate and examine your items, FREE OF CHARGE, as well as educate you on them. The Roadshow sees hundreds of people during a one week event, and they have been travelling across Canada to different cities and towns, searching for your forgotten treasures.

Trains, dolls, toys, old advertising signs, pocket watches, porcelain and bisque dolls, pretty much everything can be sold at the Roadshow. Any early edition Barbie's are sought after by Roadshow collectors, as well as a variety of Dinky Toys and Matchbox Cars. Lionel Trains and a variety of tin toys can also fetch a price, especially if they are in their original box or in mint condition. If a collector is looking for one of your collectables, we can always make an offer to buy it.

**"We have noticed a substantial increase in the amount of precious metals such as gold and silver coming to the Roadshow, which makes sense considering how high it's currently trading at."**

Expert Cliff Edwards explains, "We have noticed a substantial increase in the amount of precious metals such as gold and silver coming to the Roadshow, which makes sense considering how high it's currently trading at. He added, "The Roadshow is great because it puts money in people's pockets, especially during such hard times. Lots of items that are just sitting around collecting dust in basements and jewelry boxes can be exchanged for money, on the spot!".

At another Roadshow event, a woman walked in with a tin full of hundreds of old coins that were given to her as a young child by her grandfather. She finally decided to come in to the Roadshow and see what he had given her. She was ecstatic to learn she had coins dating back to the late 1800's, some of which were extremely rare. Roadshow consultant Raymond Flack explains "We had uncovered an 1871 Queen Victoria 50 Cent piece, valued at over \$2,000!! She also had a nice assortment of coins that were not rare dates, but she was able to sell them for their silver content". All in all, Roadshow customer Linda Donaldson was able to cash in with \$4,500! "I'm so happy," Linda explains, "I never would have thought that my old tin of coins was worth so much! I can finally afford to renovate my kitchen."

Raymond Flack continued, "Canadian

A man brought in a 1950's Marx Tin Toy Robot, in fairly good condition, still in its original box. We were able to locate a collector for that specific toy within minutes, and that gentleman went home with over \$700 for his Toy Robot and a few other small toys.

So whether you have an old toy car, a broken gold chain, or a Barbie sitting in the closet, bring it down to the Roadshow, we will take a look at it for FREE and it could put money in your pocket!

**See you at the Roadshow!**
