

Artistic campers

Halton Hills Summer Camp Studio Arts campers (from left) Madeline Brown, 8, Madeline Fogt, 8, and Samantha Kirtz, 9, showed off some of the artwork they created in the camp, during the art show, which wrapped up the camp recently at the Gellert Community Centre.

... Lend Me Your Ears

By Cory Soal
R.H.A.D.

You have probably heard recently, there is legislation being passed that will target drivers using cell phones while operating a motor vehicle. We all know that distractions are a dangerous combination and common part of driving on today's congested roadways. Any way to lessen the number of distractions faced daily would greatly help one to focus on the task at hand, and get on with their day. At the Georgetown Hearing Clinic, we do not condone the use of cell phones while driving, but when absolutely necessary, a hands free device, such as a speaker phone, line Onstar™ or a bluetooth connected earpiece can be very useful and help reduce distraction - not to mention allow the driver the use of both hands.

At The Georgetown Hearing Clinic, we provide a wide variety of custom fit and non custom fit bluetooth hands free devices.

SMILE ADVICE!!!

Too often we underestimate the power of a touch, a SMILE, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have potential to turn a life around.

A SMILE creates happiness in the home, fosters goodwill in business, and is the countersign of friendship. It brings rest to the weary, cheer to

the discouraged, sunshine to the sad and is nature's best antidote for trouble. Yet it cannot be bought, begged, borrowed, or stolen, for it is something that is of no value to anyone until it is given away. Some people are simply too tired to give you a smile. Give them one of yours, as no one needs a smile, as much as he who has none to give.

A SMILE is a frown turned upside down!

Wanna smile better? Give our office a call!!

Creating confident smiles since 1982.
