### Here are a few testimonials from their members.

I'm 69 years young. I lost 26" in the first 2 months. I no longer have pain in my knee and do not have to wear my knee brace anymore. I can do the plank on the machine for 2 ½ minutes...I dare you to try! *Joyce*

I come because it makes me feel better both physically and emotionally. Extra bonus, I lost 11" in first month! *Lisa*

After the first month I lost 11". After two months my triglycerides and cholesterol levels have dropped by over 50% with no change to my diet. *Geoff*

After two short weeks my neck and shoulders no longer hurt from my fibromyalgia. I also do not wake up in the morning any more with a stiff lower back. I feel stronger and re-energized, and it just keeps getting better! *Esme*
