The Ontario Early Years Centre in Georgetown, operated by Links2Care, has moved. All families in the community are invited to visit the new location at 8 James St. in Downtown Georgetown and check out the new fall program schedule offered to parents and children, aged 0-6 years. An Open House in celebration of the Grand Re-Opening was held Sept. 10 with children's activities, cake and door prizes. Cutting the cake was (from left) Links2Care

## HEARING SCIENCES

Audiology and Hearing Aid Centre

**"I can hear, but I can't understand... everyone mumbles"**

Hearing loss develops gradually over many years or even decades. Most people wait an average of 7-9 years before seeking help. We offer a Unique Adaptation to Hearing Program that gradually restores your hearing in small steps. You will be reintroduced to sounds that you may have forgotten such as the microwave beeps, car turn signal or birds singing. You will start to hear TV and conversations clearly again. Fortunately there is a great variety of excellent digital hearing instruments available in all price ranges. **Exposed to a noisy workplace?** If you have spent your working life in noisy areas, you may be eligible for full coverage. The first step to better hearing is a hearing test.
