

Your Child's Eyes Deserve an Optometrist

Good vision is an important part of learning. Help your child succeed by having their eyes examined by an optometrist.

- 80% of classroom learning is done through the eyes
- 1 in 6 children have some form of vision problem
- Children with poor vision often find it difficult to focus on their work and may be misdiagnosed as having a learning or behavioural disability
- Good vision is vital to developing skills such as reading, copying and hand eye coordination
- Eye examinations by an optometrist are covered annually by OHIP for children 19 years of age and under

Ontario Association of Optometrists
