IN MEMORIAM

Audra Ann Armstrong
1967 - 2007

Beloved daughter of Jack and Ellen Armstrong
Loving mother of Brandon and Laila Biafore
Loving sister of Sherri McGarr
and David Armstrong

Mom We Love You

Three little words, "Forget me not",
Don't seem much, but mean a lot.
Just a memory, fond and true,

To show you Mom, how much we both love you.

Forever loved, Brandon and Laila

Audra it is now four years since you left us, there has not been a day that we have not thought of you and wished you were here with us. We, your family will never stop loving you we all miss you so much Audra. The pain we live with has not diminished. We live with the knowledge Audra that one day we will all meet again, until then you will always be in our hearts, and a big part of our lives we love you so much. Our beautiful yellow rose of Georgetown. Until we are together again and we will be.

*Love you,
Mum, Dad, Brandon, Laila,
Sherri, David, Lorenzo
and all of your Family*

INNES, Bill - In loving memory of a dear husband, father and granddad who passed away October 4th, 2005.

Those whom we love go out of sight,
But never out of mind,
They are cherished in the hearts,
Of those they leave behind.

*Sadly missed,
Marge, Stewart, Christine, Jenna and Carly*

CARDS OF THANKS

THE Greenham family would like to express their appreciation for the support they received during Marilyn's illness and to those who attended her Celebration of Life. A very special thank you to our 'extended family' on Flamingo Court for the effort and care they put into making the day so special.

Kumon opens second Georgetown centre

Kumon Math & Reading Centres, the world's largest after-school enrichment program, opened a second centre in Georgetown last month.

The Georgetown-South Kumon Centre will be operated out of the Salvation Army Community Church on Mountainview Road South.

Amie Reid, the owner and Instructor of the Centre, says the Kumon program helps children fulfill their potential by allowing students of all ages and abilities to build the skills and self-confidence necessary to have a richer, more successful educational experience.

"The learning method uses a systematic and individualized approach that gives children the tools and self-confidence to develop a solid command of math and reading skills. Through daily practice and mastery of materials, Kumon helps children improve concentration, develop better study skills, build a love of learning and succeed in the classroom and in life," Reid said.

A resident of Georgetown with her husband John and four children, ages 16, 14, 9 and 6, Reid has been actively working with children as a Girl Guide leader, soccer coach and volunteering in the local schools.

"Education is such an important thing for our family, and I have seen the successes of the Kumon program first hand," said Reid. "I think that this is one of the best ways to give back to the community. I'm excited to work with the children of Georgetown in this capacity to help them find the motivators that will keep them inspired to learn and to leave feeling empowered with the desire to achieve more on their own."

The Kumon Math & Reading Center of Georgetown-South is open Monday and Wednesday 3:30-6:30 p.m., Thursday 3:30-8 p.m., and Saturday 9 a.m. to 12 p.m. For more information, or to schedule a free placement test, please call 905-877-8000.
