## Make the move to River Rock Ridge

### *Remington's latest release has it all*

It's hard to find a community that still offers a small town charm but Georgetown is just that and Remington's new release at River Rock Ridge is your perfect opportunity to move-up or make your first move.

Whether you're moving up or exploring the new home market for the first time, River Rock Ridge has a home suited to your lifestyle. But it's not just what's inside that counts, it's what Georgetown has to offer too.

From the tradition of the local farmer's market that brings the Main Street alive on summer Saturdays to the Fall Fair where neighbours and local businesses gather together to celebrate, Georgetown is fully steeped in family and tradition and Remington is proud to share in all the things that make this community so unique.

To add to the atmosphere, there are a myriad of schools, libraries, parks and hiking trails to keep active and enjoy the best of the outdoors. If there's something missing from all that this charming community has to offer then hop on the GO train and head to the big city with the knowledge that you always get to come home to beautiful Georgetown.

Now that the outside benefits have been highlighted, what about the inside you might ask?

Here is where the appeal of coming

home truly comes alive. With new and innovative designs, Remington is offering functional, open— concept plans that allow for contemporary, comfortable living. With months spent on planning and design, the Remington team has designed homes that put useability and lifestyle first after all; you shouldn't have to compromise on one of the most important decisions of your life.

The first release of new lots is now selling and features 36' 40' and 43' designs complete with features such as oak stairs, gas fireplaces, extended height upper cabinets in the kitchen, choice of paint colour and much more.

Known for excellence in design, craftsmanship and service, Remington Homes, has been building Family friendly communities in the Greater Toronto area for more than two decades. Each Remington home benefits from superior architectural, engineering, and construction expertise to ensure your new home is every bit the dream you want it to be.

The cost of happiness starts in the high \$400's. Visit the

River Rock sales office today for details on Remington's exciting plans and lot availability.
