

DINI & CO

Earlier this year, Dini Lamers' dream came true. "I always wanted a shop in a small town on Main Street," she says.

In June of this year, Dini opened DINI & CO, a home décor store located in the heart of historic Downtown Georgetown. The store sells a variety of home décor items, fashion accessories and giftware like candles, inspirational books and bath and body products. DINI & CO is Downtown Georgetown's exclusive retailer of Lampe Berger, an indoor air care system that fragrances the home while destroying bad odours.

Dini also helps her clients find décor items for special events, whether it's vases for a wedding or trays for a party. If she doesn't have an item in the store, Dini will go above and beyond to find it for her customers.

This new foray into the retail world is a perfect fit for Dini, who is an interior designer and a certified stager. She brings all her creative skills and contacts to her new venture.

"I really enjoy the social aspect of owning a store," she says. "My clients and I get to stand and talk to each other and we even go out for a coffee. You can't do that in a big box store."

The Mill Street Cheese Market

Thanks to The Mill Street Cheese Market, residents of Halton Hills can get a taste of the wide world of cheese without having to leave town. The store, which opened in May of this year, carries hundreds of different types of local and international cheeses, fresh pastas, cured meats, breads and a variety of gourmet foodstuffs like preserves, jellies, olive oils, balsamic vinegars and pasta sauces.

Customized cheese platters are also available at the downtown Georgetown store. "We love the creative aspect of putting together cheese platters and decorating them with fresh herbs or dried fruit," says store owner Jackie Dean-Rowley. "Our platters feature many artisanal cheeses and can be tailored to each customer's unique taste and budget."

The Mill Street Cheese Market offers customers a full on taste experience including "Saturday Tastings" a day when local suppliers or chefs come in and give customers a taste of different cheese pairings and recipes. "We want our customers to taste before they buy. With so many different varieties of cheese available, making the right choice can be a daunting task. That is why we will always offer our customers a taste or a recommendation".

Jackie and her staff enjoy introducing new and unique food items and are particularly excited to be offering a line of Holiday Gift Baskets that will showcase many of these gourmet products. They look forward to welcoming you to the store soon.

COURTNEY GORRILL

Move Activity and Motion Clinic

Leading a healthy, active life has always been a passion for Courtney Gorrill and now she is encouraging others to do the same through her work as a Registered Massage Therapist at Move Activity and Motion Clinic.

"I like being an advocate for healthy living and maintaining an active lifestyle," says Courtney, a resident of Mississauga. "Move is a collaboration of people working together to create long-term health maintenance."

Courtney studied social science, including kinesiology and anthropology, at McMaster University before going to Everest College for massage therapy. She joined the Move Activity and Motion Clinic team earlier this week.

As an RMT, she helps her clients by promoting relaxation and relieving muscle soreness, work-related pain and general stress on the body.

"Massage therapy is not limited to stress relief and relaxation but also a means of treating a dysfunction," Courtney says. "I want to find the root of the problem and not just treat the symptoms so that our positive effects are long lasting."

Courtney looks forward to getting out into the community and meeting the people of Halton Hills.
