## Use arrangements to enhance art

Floral arrangements are often used with art and can both enhance and emphasize the work. Here you can see the effect with two of the designs.

The colours in the crescent design bring out some of the vibrant reds in this painting by the Haitian impressionist artist, Ernst Louizor.

By contrast, the naturalistic and traditional mass design brings out the darker, deeper colours of the same painting.

—Belinda Gallagher, is the owner of Hooked on Horticulture Consulting and a Royal Botanical Gardens outreach associate
