

# Encore crossover ready to join the expanding Buick brand

Buick has confirmed the introduction of the 2013 Encore, an all-new, versatile five-passenger crossover set to debut at the 2012 North American International Auto Show in Detroit.

Encore joins a rapidly expanding family of Buick vehicles that has recently seen the additions of the Verano compact luxury sedan, the Regal GS sport sedan, and fuel-efficient eAssist "light electrification" technology on both LaCrosse and Regal.

Encore will offer contemporary styling, signature QuietTuning technology, and a

host of features and amenities customers expect from Buicks today. More details will be made available when Encore is revealed on Jan. 10.

This week, a new Encore tab on [www.facebook.com/buick](http://www.facebook.com/buick) will feature a covered photograph of the vehicle. Each week leading up to the reveal, Buick will uncover a section of the photo.

The final image will be revealed the same morning Encore takes the stage at the Cobo Center in Detroit.
