

# Dart interior sets new standard for compacts

The Dodge brand is giving a sneak peek into the high-tech, precisely crafted and highly customizable interior of its all-new 2013 Dodge Dart.

Scheduled to be introduced Jan. 9 at the North American International Auto Show in Detroit, the new Dodge Dart's interior sets a new standard for compact cars.

Starting with modern Dodge DNA and through the use of innovative ambient interior lighting, high-quality soft-touch materials and high-tech features, the 2013 Dodge Dart is loaded with cool amenities and unexpected details for both drivers and passengers.

The Dart's "driver-centric" layout is designed to put all controls within easy reach of the driver.

The high-tech centerpiece of the all-new 2013 Dodge Dart is the class-exclusive float-

ing island bezel, which houses the segment-exclusive available 7-inch Thin Film Transistor (TFT) customizable gauge cluster display with light pipe surround that also houses the available class-exclusive Uconnect Touch 8.4-inch touchscreen multimedia centre the largest touch-screen in its class.

Thoughtful storage options throughout fit today's technology. The glove box easily conceals a stowed iPad; the center console features auxiliary jacks to plug in a wide variety of electronic devices, and thoughtful, inventive storage solutions, such as console map pockets, which are perfect for storing mobile phones, receipts, or pen and paper.

Lighting in all the right places provides drivers and passengers a warm, comfortable cockpit.

## SHOP LOCAL

When asked to name our favorite restaurant, cafe, or shop, we almost always cite a unique local business (look at the results in our Readers' Choice as proof). We embrace the idea of distinctive businesses with local character, but often forget their survival depends on our patronage. It is easy for us to get so consumed by efficiency that we forget how much of our lives we spend eating out, shopping, and doing other business. We owe it to ourselves to consider the quality of our experience, and ask if we benefit when we choose a community-based business. Local owners with much of their life savings invested in their businesses have a natural interest in the long-term health of the community. Community-based businesses are essential to charitable endeavors, frequently serving on local boards, and supporting a variety of causes. Yes, there are some corporate chains that give back to towns in which they do business, but anyone who raises funds for local non-profits will tell you that independents are their base of support. So... support your neighbors... support our community, shop smart... shop in Halton Hills!
